

Storysacks

A storysack is a fun literacy activity that children and adults share together. It includes a good quality storybook, props, scenery and characters to bring the story to life, and a non fiction book linked to the story. Also included are reading tips, activity ideas and word or number games to extend the story and enhance children's literacy development while interacting with an adult.

Owl Babies

Chicka Chicka Boom Boom

The Very Hungry Caterpillar

Big Sarah's Little Boots

Blueberries for Sal

George Paints his House

The Way I Feel
